

DATA SHEET

Barrier tape

Material:

Polyethylen (PE), recycled

PVC-, CFC- and HFC-free

Product information:

The flexible barrier tape prevents rusty water from the reinforcement bars from running down the concrete surface.

It reliably keeps moisture at bay, thereby protecting the exposed concrete wall from discolouration. The tape can be removed again after use.

Packaging units and dimension available:

ITEM NUMBER	DIMENSION in mm	ROLL PU in m	CARTON PU in m
148.582	58 x 2	25	75
