

DATA SHEET

Spacers with lateral cut-outs

Material :

Polyvinylchlorid (PVC), recycled

CFC- and HFC-free

Product information:

A cost-effective spacer with lateral cut-outs for rational laying on large scale horizontal formwork.

Lateral cut outs and holes enable a free flow on concrete and are also suitable on soft grounds.

Tested according to DBV-Bulletin „Abstandhalter“ – Eurocode 2, version November 2019.

Packaging units and dimensions available (Standard length: 2,00 m):

ITEM NUMBER	CONCRETE COVER Dimension in mm	BUNDLE PU in m	PALLET PU in m
111.015	15	100	6.300
111.020	20	100	6.300
111.025	25	100	4.900
111.030s	30	100	4.200
111.035	35	60	2.880
111.040	40	60	2.400
111.045	45	60	1.680
111.050	50	60	1.680
111.055	55	40	1.280
111.060	60	40	1.280
